Accessing Library Resources Off-Campus

Go to https://citrix.southeasterntech.edu to login to Citrix. Login using your student id number and 6 digit pin. Once you have logged in, you see a screen similar to below.

To access the library resources, without the need for off-campus passwords, you can click on the “Web Browsers” folder and click on the web browser of your choice. Then go to the library webpage, http://library.southeasterntech.edu. If you want to go directly to GALILEO, click on “Web Links” and select the GALILEO link.
